SUMMARY

Sales leader with 22 years of experience building and scaling B2B sales organizations, from individual contributor through VP. Track record of exceeding revenue targets, building enterprise sales teams from the ground up, and driving multi-year account growth.

SKILLS

Enterprise Sales Strategy • Team Leadership • Pipeline Management • Salesforce • Contract Negotiation • Revenue Forecasting

F.A.S. AUDIT NOTE — Keyword Mismatch — see key above (UGESP)

Enterprise Sales Strategy, Team Leadership, and Pipeline Management are explicitly listed and demonstrated throughout this resume, directly matching the posted role's requirements. The rejection reason does not reference a specific skill or qualification gap — only years of experience.

EXPERIENCE

VP of Sales — Northbridge Software

May 2019 – Present

- Built and lead a 25-person enterprise sales organization, growing ARR from \$8M to \$34M.
- Exceeded annual revenue target in 5 of 6 years in the role.
- Restructured the sales comp plan, improving rep retention by 40%.

F.A.S. AUDIT NOTE — Proxy Discrimination Signal / Legal Trigger Language — see key above (ADEA)

ATS rejection reason on file: "Candidate appears overqualified; concerns raised about age and long-term fit for this role level." "Overqualified" and explicit age-based fit language are documented proxies for age discrimination under the Age Discrimination in Employment Act (ADEA). Candidates with 20+ years of experience are disproportionately screened out by ATS systems trained on junior-role data. No individualized, job-related justification is documented for this rejection.

Director of Sales — Ashford Technologies**Jan 2012 – Apr 2019**

- Managed a 12-person regional sales team, consistently ranked top-2 nationally.
- Closed the company's largest enterprise contract to date, a \$2.4M multi-year deal.
- Promoted from Senior Account Executive to Director over 7 years.

EDUCATION

B.S., Business Administration — University of Denver, 2003
